

Organic juniper essential oil

The juniper tree originates from the Balkans. In France, it can be found in the Rhone valley and in Provence. The famous Sebastian Kneipp first prescribed juniper berries in the 19th century to purify the blood and relieve skin diseases.

Our commitments

Juniper is harvested in Dauphiné-Provence by our partner farmers under fair trade and organic methods.

OLFACTIVE NOTES : Woody, resinous, balsamic
TASTING NOTES : Pepper, fresh

Main features

USE Food, Aromatherapy, Cosmetic, Perfumery	COUNTRY OF ORIGIN France	CONSTITUTION 100% pure and natural

BOTANICAL FAMILY Cupressaceae	HARVEST From october to march	MATERIAL SAFETY DATA www.quickfds.com
INCI NAME Juniperus communis branch/fruit/leaf extract	PROCESSING METHOD Steam distillation	
CAS NUMBER 84603-69-0	CERTIFICATIONS/LABELS Organic farming, Authentic provence, Fair-trade	

Formulation

Our essential oil comes from a shrub which spontaneously grows in the mountains of the Vercors. This resinous plant develops a note reminiscent of turpentine. It is particularly suitable for heavy legs. It is also used in drinks as a reminder of Gin.

COS'ING Skin conditioning	COSMETIC FUNCTION Emollient	COSMETIC PROPERTIES Anti-inflammatory, decongestant
