

# Organic calendula oily macerate

This orange button draws its name from the Latin "solsequier" which means "which follows the sun", indeed this one opens and closes with the rhythm of the sun. Known for its great soothing power, calendula or marigold is very popular in the Mediterranean region, and has been used since the Middle Ages to relieve insect bites.

## Our commitments

We cultivate organic calendula through our farmers cooperative in Dauphiné-Provence in a fair trade labelled approach.
