

Organic nettle aerial part

This well-known plant is not always appreciated for its stinging properties. And yet it has many virtues: depurative, diuretic, anti-hair loss.

Our commitments

We grow organic nettles through our cooperation with farmers in Dauphiné-Provence, in a fair-trade certified process.

OLFACTIVE NOTES : Herbaceous

TASTING NOTES : Green

Main features

USE	COUNTRY OF ORIGIN	CONSTITUTION
Food	France	100% pure and natural
